#### SNEAKY STITCH-UP

Fashionistas will tell you that women are obsessed with shoes. But a quick survey of the Homespun girls revealed that stilettos can spell expense and blisters – and everyone vowed undying affection for this fabulously stitched alternative. We didn't go so far as to shout out "Thanks, Liz Payne" to the creator of these sneakers, but we came pretty close! You can buy a pair from [www.etsy.com/au/shop/flirtingwithyellow](http://www.etsy.com/au/shop/flirtingwithyellow).
